

Corporate & Private Memberships

66 Mountain Retreat and its parent company, Grassy Knoll Enterprises, have deep roots stemming from a five-generation ranch, farm, and outfitting operation nestled in the picturesque landscape of southeastern Wyoming.

Situated just 45 miles north of Cheyenne, Wyoming, and a convenient 2.5-hour drive from Denver International Airport, the retreat offers a tranquil escape from the hustle and bustle of city life.

After three decades of thriving in the commercial outfitting and ranch retreat industry, we're thrilled to introduce our inaugural offering of four exclusive VIP memberships, tailored to suit either personal or corporate preferences. You'll find we boast a wide array of activities in a single location ranging from World Class Big Game, Waterfowl and Upland Game hunts.

As well as Sport Shooting, Tactical and Personal Defense Training and all disciplines of competitive shooting.

The Property

Perched between two majestic sandstone bluffs and bordered by a wildlife refuge and reservoir, our 6000+ acre property is a hidden gem. With its unique location and diverse landscape, the property is loaded with natural beauty and abundant wildlife.

We are committed to responsible and sustainable hunting practices that prioritize conservation and habitat preservation. Through careful management and stewardship of our land, we strive to maintain healthy wildlife populations and ensure the longevity of our hunting traditions for future generations to enjoy.

Beyond the incredible experiences and access to pristine hunting grounds, our clients are also investing in the ongoing maintenance and enhancement of the property's infrastructure, ensuring that it remains a premier destination.

Big Game Hunting

Our whitetail and mule deer hunting experiences are nothing short of exceptional. We are devoted to the local herds, ensuring abundant habitat, food, and water sources, as well as strategically placed food and mineral plots. We offer spot and stalk and fixed blind hunts. In a typical season we harvest two trophy mule deer and two trophy whitetail per season.

Each membership includes one of the trophy deer hunts at a discounted rate. Species will be lottery based between the four memberships.

Waterfowl Hunting

You'll experience some of the finest waterfowl hunting in the lower 48. Our property is an unrivaled combination of prime habitat and strategic crop planting, making it a haven for many species.

Situated adjacent to a waterfowl reserve, we see a steady stream of migratory birds throughout the hunting season. Early duck season provides a number of rare species including wood duck, pintail, teal in addition to mallards. As the season progresses we see mostly mallards. The occasional snow goose and sandhill crane hunts happen depending upon the migratory season. Generally speaking, great duck and goose hunts mid to late season.

All hunts are guided and will take place in heated in ground and above ground pits, pond blinds, hay bale blinds, layouts, mobile blinds or boat.

Turkey Hunting

We have a great local herd of Merriam turkey. Whether it's your first turkey hunt or you are filling that grand slam. Our hunts are sure to not disappoint.

The landscape of South Eastern Wyoming presents a unique hunting experience, characterized by rolling hills, and expansive prairies. Our hunts are typically in creek bottoms demanding skill, patience, and an intimate knowledge of the land—which is where our experienced guides come in.

Our guides know these hunting grounds like the backs of their hands. With years of experience they'll take you to the prime locations where these birds are known to frequent.

Whether it's hidden valleys or secluded meadows our guides will ensure that you're in the best possible position for a successful hunt.

Predator Hunting

Predatory animals pose significant threats to livestock and other wildlife populations. Through ethical and responsible hunting practices, we help manage predator populations, promoting a healthy balance in nature and protecting vulnerable species.

- Day calling and night calling hunts
- Several elevated blinds on timed feeders.

Enjoy the decoy dog experience with one of our partners Colten Gallium owner of Wyoming Predator Hunts.

Prairie Dog Hunting

Prairie dog hunting requires precision shooting skills, as the rodents are small and quick-moving targets. Our prairie dog hunts provide a safe and challenging environment to improve your marksmanship. The little thrill that keeps hunters coming back for more!

Upland Game Hunting

In house bird farm license provides an extended season. We release 600-800 12 week old pheasants annually. For every wild bird that is harvested 2 more pen birds are released. Our experienced guides and their trained dogs will accompany you throughout the adventure, sharing their expertise, and providing valuable tips to help you improve your shooting skills and make the most of the experience.

Driven pheasant hunts are also available.

Chukar, Quail & Hungarian Partridge are available by request.

Heli Hunts

2024 marks our 12th season in the helicopter hunting industry. Due to our 100% success and high harvest animal rates we have amassed nearly three million acres in leased hunting ground in Texas. We typically shoot 200-500 pigs in our two day trips along with a number of coyotes. These coveted hunts are limited as we only offer them during prime season of January - May annually.

Some limited helicopter coyote hunting is available at our headquarters in Wyoming.

The Range

We take pride in offering a state-of-the-art private shooting range that provides a safe, enjoyable, and welcoming environment for shooters of all levels.

From pistols and rifles to shotguns and more, our range caters to a wide range of firearms and shooting disciplines. Whether you're interested in precision target shooting, tactical drills, or just having fun, our range is sure to meet your shooting preferences.
